## HUNS RESORT TO THE TORCH SOUTH OF LAON

Vouziers, Laon and all of the villages are burning—"Germany Nearer to Brink of Disaster"—Foch Drives Enemy Back From Wider Section Than Ever Before.

With French Army in Champagne, October 12—Vouziers, Laon as well as all of the villages in the whole region south of Laon are burning. All the bridges across the river Selle from LeCateau southward have been blown up. The Germans seem to have been digging in furiously along the line of the high ground some 2,000 or 4,000 yards east of the river. The Germans are evacuating Laon, strategic railroad base and southern hinge of what remains of the Hindenburg line, and under the pounding administered by Foch's armies the enemy in Northern France is in full retreat.

Field Marshal Haig officially reports that the American troops operating with the British southeast of Cambrai have completed the capture of Vaux-Audry and St. Souplet. The British are on the outskirts of the villages of St. Vast and St. Aubert to the immediate east of Cambrai, and they have crossed the River Selle north of Le Cateau.

Paris, October 12—Germany is nearer the brink of disaster. Marshal Foch has swept the enemy back from a wider section of the front than ever before.

Every day adds to the wreckage of German effectiveness and material, and should they hold on too long their retreat would become a rout.

General Ludendorff is reaping the results of the cardinal error he made in thinking that the Allied offensives were bound to be spaced at wide intervals like his own.

This continuity of the attacks has literally dunn-founded the Germans and it is plain that there is vacillation at grand German headquarters.

### ARRIVED SAFELY OVER

Mr. and Mrs. James Robertson today received word that their son, Sergeant Harold H. Robertson, had arrived safely overseas. This is the first message of any kind they have received from him for four weeks.

## WAS IN CAMP JUST THIRTY-SEVEN DAYS

Holbert Galbraith Died at Camp Taylor in Less Than Two Months After His Arrival There.

The funeral of Holbert Galbraith, the Mason county soldier who died at Camp Taylor this week of influenza, was held Friday from his late home near Germantown, and was attended by a large crowd of relatives and friends.

A few days before he left for Camp Taylor he wrote the following poem, which fully shows he was as patriotic as it was possible for any one to be:

### WEEP NOT

If I die upon the battle front,  
Sing no sad songs for me,  
For the flowers will soon grow above my head  
And my mind from these horrors be free.

The screaming shells above me  
Will be as if they were not,  
And I'll weep just once for past memories,  
For oblivion will soon be my lot.

As they ripple along to the sea,  
The flowers will grow o'er my head,  
And breathe the sweet air for me.

They will be cared for by the fairies  
That will their beauty keep  
To mark the place where I rest  
And the air with their fragrance steep.

If never again I see the home folks,  
Or the home fire's ruddy beams  
In my long, long period of slumber  
I shall come back in my dreams.

If never again I hear the voices  
That have grown so dear to me  
I shall listen for the breezes to bring  
Sweet tidings of home to me.

Weep not when I'm cold in death,  
For it's in honor thus I lay  
So that Freedom might soon repair  
To bless the turf that wraps my clay.

Let the earth worms my form remold  
When I in sleep have sunk to rest,  
For I'll be content in old glory folds  
If I have my country's wishes blest.

HOLBERT GALBRAITH.

Mr. and Mrs. W. S. Dice of Fernleaf, are in receipt of a card announcing the safe arrival of their son, William Robert, overseas.

## STEAMER IS DASHED TO PIECES ON ROCKS OF SCOTISH COAST

American Transport Otranto Is Rammed by the Kashmir, Another Vessel in Convoy With Otranto, and Sinks—British Destroyer Attempts Rescue in Terrific Gale.

A British Port, Friday, October 11—A large number of American troops have been lost as the result of the sinking of the transport Otranto in the North Channel between the Scottish and Irish coasts in a collision with the steamer Kashmir.

The Otranto after the collision was dashed to pieces on the rocks off the south Scottish coast, with a probable loss of 372 American soldiers.

Three hundred and one men were taken to Belfast by the British destroyer Mounsey, the only vessel which made an attempt at rescue in the terrific gale when the Kashmir, another vessel in the convoy with the Otranto, rammed the Otranto amidships.

Seventeen men were picked up alive on the Scottish coast. Of the 699 American soldiers on board the Otranto, 130 were landed. Seventeen were rescued alive at Islay, leaving 372 unaccounted for.

The Otranto and the other vessels of the convoy were battling with the heavy seas and high winds Sunday morning. The storm was so severe and the visibility so bad that the Kashmir, a former Peninsular and Oriental liner, crashed into the Otranto squarely amidships.

The Kashmir backed away badly damaged but was able to make port. As the bows of the Kashmir were pulled from the great hole in the side of the Otranto, the water rushed in but for a time it did not serve to stop the engines. The Otranto tried to proceed but made no headway against the gale in her crippled condition.

Within a short time the water put out her fires and the Otranto drifted helplessly toward the rocky coasts of Islay Island where most of the Tuscany victims met their deaths. Thirty minutes after the crash the British destroyer Mounsey, herself damaged by the heavy seas, appeared out of the haze in answer to the distress calls of the others. When the destroyer maneuvered to get alongside, Captain Davidson of the Otranto warned Lieutenant Craven, commanding the destroyer, not to make the attempt.

When it was seen that Craven would make the attempt anyway the men were ordered to remove their shoes and heavy clothing and try to save themselves as best they could.

The destroyer stood off about a hundred feet and then gradually came nearer against the great odds of high waves and the wind, which threatened momentarily to carry her entirely away from the Otranto, or to dash her to pieces against the side of the wounded vessel.

The Otranto struck the rocks Sunday night south of Saligo Bay, Islay Island, an uninhabited section where the coast line in many places rises straight out of the water to the rocky peaks, many feet above.

As the destroyer neared the side of the Otranto the men began to jump from 30 to 40 feet from her decks. The more experienced sailors of the crew of the steamer had better success than the soldiers, many of whom had never seen the sea until this trip. Many of the men leaped too quickly and missed their reckoning and dropped between the boats. Some disappeared in the water, but others were caught and crushed to death between the boats and the life boats which had been lowered to act as buffers. The destroyer was badly battered.

The captain of the destroyer, each time it was brushed away from the side of the Otranto, again would push near enough for many more men to jump to the deck of his vessel. He described it as a veritable rain of men landing on the destroyer.

Many of these who reached the decks of the vessel suffered broken bones or otherwise were hurt. Those who missed the deck of the destroyer went to almost instant death.

Four times the battered destroyer came alongside, and each time the previous scenes were repeated. At the end of the fourth trip she had 310 Americans, 236 of the crew, 30 French sailors and one British officer on board. The bow was full and having done all possible, she started for port.

The survivors saw the Otranto drifting helplessly toward the rocks as they pulled away toward the Irish coast. The destroyer barely had time to send a brief message when her wireless was carried away. The little overloaded vessel had a rough trip to port.

One of the American troops on

## TILLERS OF SOIL IN PROFESSIONAL LIST; MUST PAY WAR TAX

When Incomes Exceed \$2,500 in 12 Months—Levy On Brokers Is Cut In Senate Revision.

Washington, October 12—The Senate Finance Committee in revising the war revenue bill yesterday approved a business or occupational tax. House provisions placing a tax of 10 on all persons engaged in any trade, business or profession whose gross receipts exceed \$2,500 were adopted after being amended so as to include farmers, whom the House had exempted.

Announcement was made that amendments which would furnish some relief to farmers would be considered later.

In considering the special tax section the committee accepted, with some changes, House imposts upon brokers, proprietors of amusement places, tobacco manufacturers and buyers of new or used automobiles and motorcycles. Sections levying special excise taxes upon the capital stocks of corporations were temporarily passed over, but these may be taken up Monday.

The House tax of 10 on brokers was cut in half by the committee, which amended the section so that the sale of a stock exchange seat for less than \$2,000 would be exempt from Federal tax.

#### COUNTY TAXES

Quite a few Mason county farmers have called up this office during the day regarding the report, which in some way became circulated, that County Taxes must be paid during the month of October in order to avoid a penalty of \$50. We are quoting Sheriff Galbraith, when we state that County Taxes can be paid on or before November 30th. If not paid by this date, then a penalty of 6 per cent will be added to your assessment. No change has been made in the time for paying taxes nor the penalty imposed.

For the benefit of those having City Tax to pay we will state that the penalty of 6 per cent goes on November 1st. So pay your City Tax on or before October 31st.

### Buy MORE Bonds

board the Otranto pictured the scene when the vessel collided. Soldiers lined the decks as though on parade, and in the word of command stood at attention.

They never wavered, remaining there in military fashion exemplifying during crisis the noblest traditions of the army for heroism and discipline. The same thing, said the soldier, applied to the seamen.

Numbers of bodies today were being washed up rapidly on the shore. It was reported that 175 had been counted at noon and nearly all of them had been identified.

A seaman on the Otranto described the most tragic moment of the disaster as that when the order came for the men to jump and save themselves. The destroyer looked a very small boat alongside the former Orient liner, and many landmen among the American troops thought themselves safer aboard the larger vessel. This was fatal for many of them.

The victims are to be collected at the most suitable place and buried there. The grave of every man will be marked and charted.

### Buy MORE Bonds

## DRASTIC FOOD ORDER FOR PUBLIC EATING PLACES

New Program For Public Eating Places, to Be Effective October 21, Issued by State Food Administrator.

Louisville, October 12—A new program for public eating places, effective October 21, couched in the form of strict "Orders" and cutting deeply into the menus of all restaurants, hotels and boarding houses, is announced today by the United States Food Administration. The new rules apply to all places where cooked food is sold to be eaten on the premises and affects nine million regular or occasional patrons in the United States.

A message given out by Herbert Hoover would indicate that the promulgation of these new orders, coupled with the House Card campaign to begin a week from today, constitutes the Food Administration's defiant answer to the latest German peace drive. Mr. Hoover makes the categorical assertion that there is no prospect for a proper ending of the war before the campaign of the summer of 1919, and calls upon the people of the country to make a more determined food drive than ever before as the most effective means of preventing the prolongation of the struggle into 1920.

Twelve "General Orders" are included in the printed set of instructions which the office of Federal Administrator Fred M. Sackett is mailing out to all County Administrators and all public eating places, but the publication of this summary in the newspapers will be deemed sufficient notice to all concerned, and no one will be permitted to plead, if caught violating any of them, that he "never received any notice." Concerning the enforcement of these orders, the circulars mailed out by Food Administration carry this timely information and warning: "It has not been deemed advisable or necessary at the present time actually to license the operation of public eating places, but in cases where the patriotic cooperation of such public eating places cannot be secured by other means the United States Food Administration will not hesitate to secure compliance with its orders through its control of the distribution of sugar, flour and other food supplies. A failure to conform to any of the following orders will be regarded as a wasteful practice forbidden by Section Four of the Food Control Act of August 10, 1917."

It has been announced by Federal Food Administrator Fred M. Sackett that the food campaign for the coming year contemplates a steady push all along the line, or a direct reduction in the consumption of all food, particularly the staples, rather than a series of emergency regulations such as meatless and wheatless days and meals and the substitution of one food for another. These twelve rules outline the specific measures by which the Food Administration plans to attain this objective, in so far as hotels, restaurants and boarding houses are concerned.

These general orders prohibit the serving of any bread that does not contain at least the twenty per cent of wheat flour substitutes, and of this Victory bread no more than two ounces may be served to a patron at one meal; if no Victory bread is served four ounces of other breads, such as corn bread, muffins, Boston brown bread, etc., may be served. Bread served at boarding camps is excepted as is bread containing at least one-half rye flour. No bread is to be served until after the first course is on the table and no bread or toast may be served as a garniture.

Bacon is also barred as a garniture and only one meat may be served to a patron at a meal. Included in the definition of meat are beef, mutton, pork and poultry. Not more than a half-ounce of butter is to be served to one person at a meal, and Cheddar "American" cheese is limited to the same. "Double" cream is banned.

No sugar bowls will be on the tables in restaurants or the limit for a meal, and then only when asked for. Two pounds is the limit to be observed for each ninety meals served, including cooking.

No waste food may be burned but all must be saved to feed animals or reduced to obtain fats.

## BUY MORE BONDS SAY LIBERTY LOAN WORKERS

Liberty Loan Workers Out in Force in This City and County.

Saturday was Liberty Day throughout the nation, and many volunteers went to work in an earnestness that showed the Fourth Liberty Loan must not be a failure.

While there are no definite figures at hand, it is safe to say that a large amount of subscriptions will be turned in by them, swelling the grand total to a place where the loan will be almost an assured fact.

In this city and county extra men were busy with the regular Liberty Loan Committee in making a house-to-house canvass, and it is thought the goal will be reached. If this is done an extra effort will be made to make Mason county go to the \$1,000,000 mark.

### DEATH OF FORMER MAYSVILLE BOY

A telegram received here today by relatives announced this death at Spartansburg, S. C., of Robert Moran, son of Mr. John Moran, formerly of this city, now of Cincinnati. Robert was a recruit at the camp there and died of pneumonia. He was a nephew of Mr. Timothy Moran of this city.

### MARRIED HERE TODAY

Mr. Walter Chamblin, aged 21, and Miss Bessie Young, aged 21, both of West Union, Ohio, came to this city today, secured a marriage license from County Clerk James J. Owens and were married by County Judge Harry P. Purnell.

#### NO SERVICES SUNDAY

Owing to order of the Board of Health there will be no services at St. Patrick's Church Sunday.

Word came this morning that Mr. J. Roger Devine, who is located in Lexington, and has been confined to his room for several days, had developed pneumonia. Mrs. Devine left immediately to be with her husband.

The Ledger's force was badly crippled today by the illness of City Editor Frank S. Tolle, he being a victim of a very severe grip cold.

## THE HOME OF QUALITY CLOTHES

# Answer the Hun EVERYBODY

The Kaiser's press agents are telling the people of Germany that America's Fourth Liberty Loan will be a failure. It's up to every individual American to show the Germans that the Kaiser is wrong, as usual.

Pretty nearly two million boys in Uncle Sam's uniforms are driving home to the Kaiser the fact that his press agents made a poor guess as to how much America would count in this war.

The least we can do to help those boys, if we aren't able to fight side by side with them, is to lend the money that will provide them with plenty of weapons and plenty of food.

PROVIDE THE SINEWS OF WAR FOR THEM.  
EVERY PURCHASE OF A LIBERTY BOND IS A STEP TOWARD VICTORY.

## D. Hechinger & Co.

# Let's Go "Over the Top" Saturday

Every dollar taken in by MERZ BROS. Saturday will be invested in LIBERTY BONDS. In order to swell our receipts we offer DOUBLE STAMPS. Its "MADE IN AMERICA" Day at our store, and we are going to offer a wonderful collection of goods made in the U. S. A. The future German brand on goods must be "MADE IN GERMANY AND STAYED IN GERMANY" for America has learned to make all goods that were formerly imported by this country.

### MADE IN THE U. S. A.

Ladies' Suits, Coats, Dresses, Skirts, Millinery, Muslin Underwear, Outing Gowns, Silk Petticoats, Dress Goods, Silks, Ribbons, Shirts, Collars, Neckwear, Overalls, Waists, Laces, Embroideries, White Goods, Underwear, Hosiery, Gloves, Rugs, Carpets, Blankets, Comforts, Gingham, Calicoes, Brown Cotton, Bleach Cotton, Outings, Percales, Yarns, etc., etc.

#### EAGLE SHIRTS

Slightly imperfect. The cheapest shirt they make today is \$2.00. This lot 98c.

#### TRIMMING BRAIDS

One lot special at 2c yard.

#### FINE BRISTLE HAIR BRUSHES

A sample lot worth \$1.50 to \$2.00. Choice 75c and 98c.

#### "EAGLE" ARMY WOOL SHIRTS

"Uncle Sam" bought eight hundred thousand of them worth \$6.00. Slightly imperfect \$3.98.

#### REMNANTS

We bought the entire stock of remnants from a New York manufacturer of Boys' Wash Suits. A wonderful collection for the thrifty buyers. They are on the Remnant Table.

## OUR POLIOY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

## REPUBLICAN TICKET

For United States Senator  
BEN L. BRUNER, Louisville.  
For Congressman  
TRUMBO SNEDEGAR, Bath County.

## ON WITH THE BOND SALES

Because the German empire has again submitted evasive peace proposals there is no ground for belief that the end of the war is near and that there should be any slackening of American effort. Particularly should there be no relaxation in the effort to make the Fourth Liberty Loan an overwhelming success.

Of course Germany wants peace. She has wanted peace for three years but the peace she wants is one that gives her victory and one that leaves her in a strong position to again wage war upon mankind, when her rulers deem the moment auspicious. Peace now would mean that America must remain an armed camp, always on the alert, always ready to defend herself on the slightest notice.

We do not want that kind of a peace in America. England does not want it. Nor does France or Italy. What is demanded is a peace that will leave Germany powerless as a force for evil, that will insure the peace of the world for all future time.

And that is the kind of a peace we are going to have if the war has to continue all of next year and the year after that. There must be such a decisive victory by arms that Germany will come, not as a conqueror, but as a suppliant, come as Bulgaria came, with her sword trailing and her hat in her hand, acknowledging that she is whipped and is ready to submit to terms dictated by the allies.

When a humbled and beaten Germany asks for peace she will get it and at the peace table that is to follow, with German armies back in their own territories and demobilized, then will the German people be given a chance to assert themselves and throw off the Hohenzollern yoke.

In the meantime there must be no compromise, no bartering over a peace table with a Germany that will seek to acquire by diplomacy what she failed to get by the sword.

"On to Berlin" is the watchword of the allied armies and it is the watchword of the people back home.

Keep up a stout heart and keep on doing your part to make the world safe for democracy.

Keep on buying bonds and do not let yourselves be deceived by talk of a premature peace.

## WHY YOU MUST SAVE PAPER

The government wants and must have the materials used in making paper, such as pulp-wood, sulphur, bleach—and labor. Man power is needed on the western front to win the war; chlorine employed in bleaching the paper—it is necessary in the manufacture of poison gas; fuel for our war industries is needed—there will be a coal shortage from 50,000,000 to 60,000,000 tons. A saving of 25 per cent. in the use of paper will release for war industries 2,500,000 tons; sulphur is needed—if you waste paper, there will not be enough to supply both the government's needs and the paper manufacturers'. Wasting paper—burning it up or dumping it into the ash heap—is to destroy its value. Waste paper, newspapers, magazines, "old paper," is converted into packages for shells, packages for sending material and munitions abroad, into paper again for our use. Every sheet of used paper must be saved that it may be used over again—perhaps for letter paper that the boys over there may write to their mothers, sisters, sweethearts. Every sheet of paper that we refrain from using, that we use economically, that we save, every bit of wrapping paper, box, paper bag, etc., is necessary, vital and essential to help win the war, and to help keep supplied our great paper industries at home.

## NEW SHIPS TO FILL; MORE MEN TO FEED

Every day new ships are slipping from American ways. We read with a thrill of pride that more vessels are being launched in a month than had hitherto taken the water in more than twelve months from American shipyards.

But we must not forget that each of these new cargo-carriers means an increased responsibility to save food. We are not building ships to have them lie idle at our piers. We are building them to take to our fighters across the water, clothes, food and munitions.

It is not alone the additional number of merchant vessels Uncle Sam now has that brings increased responsibility to the housewife to save food. He is also building battleships, destroyers, submarines, trawlers, drifters and observation ships. The increase in units for our navy is enormous, but these ships are of little use unless they are manned by crews that are well fed. We and our neighbor must feed them.

The shipbuilders will build vessels, the navy will man them—but there is no one who can feed the men but ourselves and our neighbors.

That is the reason our neighbor is saving sugar, setting her table with perishables, baking with wheat-substitute flours, and canning every pound of surplus fruit and vegetables she can lay her hands on. What are we doing to help.

If the boys in the Maysville High School Manual Training Course even learn how to cut kindling right their time will be better spent than if spent studying a lot of other stuff some of our schools are now filling their graduates with.

Save your shells and pits and help save the lives of our fighting men who are going up against German shells and pits.

A fond mother may consider her son the flower of the family—and the neighbors may consider him a blushing idiot.

## LARGE AMOUNT OF FUEL OIL IS BEING WASTED

Enough Fuel to Operate Railroads One Month is Wasted by Fuel Oil Users Each Year.

Washington, D. C., October 12.—Fuel sufficient to operate the railroads of the United States for one month is being absolutely wasted every year by the users of fuel oil.

Five times the fuel necessary for all the Federal government, including its Navy and Army, is being thrown away by these same users of fuel oil.

The fuel being squandered and recklessly too by these same fuel oil users is approximately the entire output of coal for the State of Colorado in one year's time.

These are the startling conclusions that have been drawn by experts of the Bureau of Mines, Department of the Interior, who have been cooperating with the Fuel Administration in a general survey of the use of fuel oil for power purposes in the United States. They find that last year 160,000,000 barrels of fuel oil fuel were used and that 40,000,000 barrels, or one-fourth of the entire amount was wasted and might have been saved by more intelligent operation of plants and proper firing. This represents a useless expenditure of \$140,000,000 a year, or enough money to pay some of the country's important war bills, the fuel oil selling at about \$3.50 a barrel. The experts also say that this wastage is doubly criminal at this time because of the urgent need of fuel oil for the ships of the Navy and for other essential war purposes. Further they declare that the 40,000,000 barrels of fuel oil lost each year is the equivalent of 10,000,000 tons of coal.

With such a situation confronting the country, both the Bureau of Mines and the Fuel Administration have sent into those parts of the country where fuel oil is extensively used a number of engineers who have been visiting the plants and endeavoring to demonstrate to the men whose losses occur and showing how they may be stopped. As one result of the investigation a handbook for boiler-plant and locomotive engineers in the efficient use of oil fuel has been issued by the Bureau of Mines giving instructions to all those who have oil burning plants. Van H. Manning, Director of the Bureau of Mines, has ordered that a copy of these instructions be forwarded to all known plants using fuel oil.

"I have always been aware that the United States, probably through her great richness of resources, is one of the most wasteful of nations, but it has taken the emergencies of the war to disclose with startling directness the colossal wastes of war-wasting supplies that are still going on," said Director Manning. "It is a new chapter in national profligacy to learn that in its use we are wantonly destroying one-fourth of our supply of fuel oil, to the extent of 40,000,000 barrels a year, while our oil operators are directing every available energy and millions of dollars toward inducing the earth to give up more and more of the precious petroleum, the most perfect of existing fuels.

"It calls for something more than criticism from a Federal official when we realize that in this greatest of world's crises, with the future of the people in jeopardy, the very fuel

which is greatly needed for our American Navy to drive it on to final victory, is being dissipated here in this country to such an alarming degree. It calls for immediate and drastic action, and with the cooperation of the Fuel Administration we propose to see that the waste is stopped."

"A SPLENDID  
Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..."

"I have always been aware that the United States, probably through her great richness of resources, is one of the most wasteful of nations, but it has taken the emergencies of the war to disclose with startling directness the colossal wastes of war-wasting supplies that are still going on," said Director Manning.

"I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headaches, backache, eldache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there. I at first let it go, but began to get weak and in a run-down condition, as I decided to try some more Cardui, which I did. This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble. I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

## UNCEASING MISERY

Some Maysville Kidney Sufferers Get Little Rest or Comfort.

There is little sleep, little rest, little peace for many a sufferer from kidney trouble. Life is one continual round of pain. You can't rest at night when there's kidney backache. You suffer twinges and "stabs" of pain, annoying urinary disorders, lameness and nervousness. You can't be comfortable at work with darting pains and blinding dizzy spells. Neglect these ailments and serious troubles may follow. Begin Doslug Doan's Kidney Pills at the first sign of disorder. Thousands have testified to their merit.

Proof in Maysville testimony. John J. Bramel, bookkeeper, Walnut Street, says: "Doan's Kidney Pills have been of great benefit to me and in fact, I attribute fourteen years of my life to them. It was in 1902 that I was suffering a great deal. After long use of Doan's Kidney Pills, I became well and had no bad effects for many years. Recently, however, I noticed my kidneys were not acting right and my system was generally weak. I knew it was a return of the trouble and I didn't lose any time in getting a box of Doan's Kidney Pills at Chanslor's Drug Store. They again gave me the same good results and I consider them a wonderful medicine."

Mr. Bramel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Bramel had—the remedy backed by honest testimony. 60c all stores. ## EX-GOVERNOR HOARD

Of Wisconsin says: "We fully appreciate that there is no necessity for two or three cream stations in one city, and that a cream station is unnecessary where a creamery is properly serving the farmers. We most heartily believe that farmers should build their own co-operative creameries and operate them on business-like principles. The cream buying station can not pay as much for fat as a well patronized and properly operated creamery. We believe, too, that the farmer who leaves his co-operative creamery to sell cream to a local cream station is working against his own interest and in time will be led to see his mistake."

Our creamery, built by Mason county farmers, wants your Butter Fat. (Price when we started July 1, 11 cents.) TODAY 56c.

### POSITIONS THAT WOMEN CAN FILL

Among the jobs for which women are particularly adapted the following are listed by the War Labor Policies Board:

Clerical and cashier service, ac-

counting in manufacturing, mercantile and financial establishments and in the offices of transportation companies and other public utilities, sales clerks and floor walkers in mercantile establishments, including department stores, specialty stores, shoe stores,

men's furnishing stores, florists' shops, jewelry stores, drug stores and soda fountains.

On the other hand, the Board takes a strong position against the employment of women in places where they are likely to suffer physically or mor-

ally, as for example, barrooms, pool rooms, in or about mines, smelters and quarries, or on furnace work in glass works. Girls under 21 years of age should not be employed for messenger service, as bell boys in hotels or clubs, as elevator operators, or in

street car and elevated transportation service. The recruiting of mothers of young children for war industries is to be discouraged.

Mr. and Mrs. Thomas Ryan of Lexington are visiting Mrs. Frank Hall.

### BEWARE OF SPANISH INFLUENZA

It is caught by breathing a germ into the nose or mouth. Sterizol kills germs and prevents disease. Sold by

MRS. GEO. SHIPLEY, 503 East Second Street. Buy MORE Bonds

### Two SMALL FARMS FOR SALE

We have two good farms for sale belonging to Mr. Green McDonald at Sand Hill Station on the C. & O. R. R. Farm No. 1 contains 120 acres. This farm has on it a small house, and is all bottom land and very productive. Price \$62.50 per acre.

Farm No. 2—Adjoins farm number one and is up land, and contains 125 acres. The improvements consist of a 5-room house, tobacco barn and usual outbuildings. Price \$10.00 per acre. Here is some very cheap land, and it is priced so it will sell. In our judgment you can't go wrong in buying land that is priced this way.

# DON'T WAIT TO BE DRAFTED

## VOLUNTEER AS PATRIOTS FOR GOVERNMENT WORK

**Carpenters 60c, Laborers 35c per hour LODGING FREE**

The Government at Washington has called upon the citizens of KENTUCKY at once to furnish the men to build—or lose from the State entirely—the wonderful Camp Henry Knox, at Stithton, designed to be the greatest Artillery Training Camp in the United States.

The credit and good name of the Commonwealth of KENTUCKY must be upheld. And the State MUST NOT lose this great plant, calling for an investment on the part of the United States Government of from \$15,000,000 to \$20,000,000.

Up to this time the work has lagged for want of men. It is now up to the men of Kentucky to volunteer or be forced to do so later on. There is no middle course.

## TEN THOUSAND WORKMEN MUST COME FORWARD

### CARPENTERS AND LABORERS

Wages are high and are fixed by the Government. Carpenters 60 cents an hour. Laborers 35 cents an hour. Carpenters and laborers work ten hours each day, receiving pay for eleven hours. Saturday afternoon and Sunday work (not compulsory) double pay for carpenters; time and a half for laborers.

Free sleeping quarters provided with new cots and blankets. Meals 30 cents each. Transportation free to laborers and charges are advanced to carpenters from any point in the State.

### SANITARY CONDITIONS ARE OF THE BEST

Camp Knox was selected for a permanent site because it is located on the highest point of land on the Illinois Central between Louisville and New Orleans. Camp Knox has one of the best health records in the country.

### PATRIOTIC WOMEN OF KENTUCKY

See to it that every able-bodied man in the State, not engaged in other War Industries, volunteers his services at high pay, to help get this great permanent Kentucky camp ready for the brave boys of this Commonwealth and other States, now billeted in tents at Camp Taylor and West Point, so they will not have to suffer the privations of General Washington and the Continental Army at Valley Forge.

If it is not your own son who must be housed at Camp Knox this winter, it is the boy of some other mother—all of them training to protect our Liberty in the great fight for Freedom.

Provided men do not volunteer for this well-paid and necessary patriotic work, it is the duty of every loyal Kentucky woman to report them to the nearest United States Employment Service, just as they would a Hun Spy or an Army Slacker.

Show them their Duty!  
Make them Volunteer!  
Take their Places!

### CAMP KNOX MUST BE READY DECEMBER 1

Before cold weather sets in, barracks at Camp Knox to shelter not less than 30,000 Army Boys, and stables for at least 15,000 animals must be completed. This is imperative.

Full-blooded Kentucky co-operation can complete quarters for not less than 50,000 soldiers and 30,000 animals in that time, if all work together. It is a man-sized job, all right, even for Kentuckians, but it can be done, as Kentuckians never fail in what they undertake.

The fair name of the old Commonwealth—the Fourteenth State to be admitted in the Union—is at stake in the National Capital and before the Country at large.

### EMPLOYERS—NOTICE—IMPORTANT

If your work is non-essential, give up some of your men at once and advise them to go to Camp Knox. If the call for Volunteers is not heeded you may be required to shut down completely. We do not wish to do this by compulsion.

This is no time for shilly-shallying. We must have ACTION. The work is vital. It is imperative.

Be a Volunteer and Go at Once!

### MEN, MEN AND MORE MEN TO SAVE KENTUCKY!

This is an EMERGENCY necessitating drastic action if the call for volunteers is not heeded.

When the order came from Washington telling what Kentucky had to do to save Camp Knox for the State, Federal Director Pratt Dale, of the United States Employment Service for Kentucky, immediately held a War Council of affiliated interests, composed of Major W. H. Radcliffe, Constructing Quartermaster at Stithton; John Griffiths & Son Company, builders of Camp Knox for the Government, and O. L. Taylor, District Organizer of Kentucky, United States Public Service Reserve; Edward W. Hines, State Chairman, State Council of Defense. Determined action was decided on. All Government agencies will be invoked to secure the necessary men.

Let the word go out broadcast of Kentucky's need of men in this greatest of humanitarian war works—housing our soldiers.

Let it go out at once.

Preach it from the Pulpit.

Shout the need from the house-tops.

Organize the Workers at once—and report them to your nearest United States Employment Service or to your County Chairman, United States Public Service Reserve.

### IT CAN BE DONE WITH YOUR HELP

Georgia furnished 5,000 men to save its pieric acid plant—raised them in two weeks. Kentucky can do ever better.

Major Radcliffe says: "Every nail you drive, every brick you lay, every bit of real work done, will add to the growing load around the Kaiser's neck. The war won't wait!"

Men and Women of Kentucky—Do your duty for your County and your Commonwealth and help us to Protect YOUR Boys.

## EPIDEMIC ON RUN IN TRAINING CAMPS; APEX IS IN SIGHT

Reports Less Favorable Among Children—Board of Health Is Rushing Regulations Adopted to All Parts of Country Where Disease Exists.

Washington, October 12.—The apex of the influenza epidemic in the army training camps is now in sight, if it has not already been reached. This is the official judgment of the Surgeon General of the army, based upon the rate of progress of the disease in the camps first affected.

A further slight decrease in the number of new cases during the past 24 hours is announced in last night's report, which strengthens the belief of the army doctors that a continued improvement of conditions in the troops of this country may be expected.

Medical experts of the United States public health service, who are leading the health and sanitation warfare against the malady in civilian communities, declared last night, however, that the latest reports telegraphed from all sections of the country show that the epidemic generally has by no means run its course.

They point out that data of reliable character, now available, seems to indicate that it will require from six to seven weeks for the disease to run its course among the civilian population. In the army camps a careful study of the progress of the contagion shows that it reaches its height sooner than in civilian communities because the greater congestion prevailing in the camps tends toward a more rapid spread.

Both the civilian and army experts, however, say they are better prepared to combat yellow fever, typhoid, and even the plague, than the present influenza epidemic.

Even at the present stage of the epidemic it ranks as one of the worst plagues that has ever afflicted the country. While definite figures have not been collected in all sections of the country, it is known that the total mortality statistics already have reached alarming proportions.

Deaths among the troops in this country for the past week were at the rate of 81.8 per thousand per annum, as compared with a rate of 6.7 and even lower, prevailing before the present outbreak. There were by actual count 88,476 new cases of influenza during the week, and 8,655 of pneumonia.

In the past 24 hours 12,024 new influenza cases developed—a slight reduction from yesterday's figures.

## CORN PROSPECTS FOR KENTUCKY IS UNUSUALLY GOOD

Federal Crop Report For the State of Kentucky Shows Corn in Good Condition.

Crop prospects in Kentucky now indicate the production of approximately 96,681,000 bushels of corn compared to 122,350,000 bushels last year, while the total United States crop is expected to be about 2,719,676,000 bushels compared to 3,159,494,000 bushels last year. It should be remembered, however, that there was a very large amount of soft corn last year, while there will probably be much less this year.

Tobacco in Kentucky is now expected to produce about 360,738,300 pounds compared to 426,600,000 pounds last year, while the total United States crop is expected to be about 1,266,031,000 pounds compared to 1,196,451,000 pounds last year. Because of being late in making its growth the quality of Kentucky tobacco is still somewhat uncertain as much of it had to be cut green, but Northern and Eastern states report excellent crops. The Western Kentucky and also the burley district crops grew out wonderfully after the late rains and total production in Kentucky will probably be larger than first expected.

Potatoes in Kentucky are now expected to produce 5,035,800 bushels compared to 6,720,000 bushels last year, while the United States crop is expected to be about 391,033,000 bushels compared to 442,536,000 bushels last year.

Sweet potatoes now promise about 1,040,820 bushels in Kentucky compared to 1,140,000 bushels last year. The United States sweet potato crop promises about 85,489,850 bushels compared to 87,141,000 bushels last year.

Clover seed prospects are good in Kentucky this season, being estimated now to produce about 52,000 bushels compared to 46,000 bushels last year, while the total United States crop is estimated at about 1,382,448 bushels compared to 1,356,000 bushels last year.

Late reports from the spring wheat territory in the Northwest indicate good yields of high quality, the average yield being estimated at 16.1 bushels compared to a ten year average of 13.1 bushels and the quality at 94.8 per cent. compared to a ten year average of 68.7 per cent.

The commercial apple crop in the United States is now estimated at 24,400,000 barrels compared to 22,519,000 barrels last year. This does not include farm crops that are not ordinarily marketed. The Northwestern boxed apple crop is short, but the Eastern crop is heavy, especially in Western New York and the Shenandoah-Cumberland district of West Virginia, Maryland, Virginia and Pennsylvania. There is practically no important apple crop in Kentucky this year, though a few scattered orchards report some fruit.

More detailed reports on the production of crops in any year or series of years, price records, etc., may be obtained by those interested, who will address the United States Bureau of Crop Estimates, 520 Custom House, Louisville, Ky.

H. F. BRYANT,  
Field Agent.

### MEETING POSTPONED

In accordance with the general order of the Board of Health the King's Daughters will not meet until further notice.

M. Ginsberg, of the New Way Dry Cleaning House, has a very attractive new automobile delivery truck.

## 4YE BOY WE WILL

by Harold McGrath

I'm sorry I see them winding up the white roads of France, our boys. The fair youth of our land, flung into this hell, thinking of as he hears the Hell on earth! Folks back home. He isn't thinking in terms of Liberty Bonds. He's just sort of wondering if we're going to stick behind him.

Lean, lithe, tanned, swinging boys. The whites of their eyes are clear, their skins glow. Lord, the fresh life of them!

On, on, through aisles of plane trees. Sometimes a boy turns his head westward. What's he thinking of as he hears the Hell on earth! Folks back home. He isn't thinking in terms of Liberty Bonds. He's just sort of wondering if we're going to stick behind him.

BEFORE God, we are, boys! And the only way we can stick is to buy bonds. You are giving your life. What the devil do we care about, our dollars? You'll get your coffee and stum if we have to pawn the shirts off our backs. That's the way we feel today. Never you doubt it. Six billion dollars! Will we give it? Wait and see!

## HON. W. H. TAFT HAS A NEW WAR SLOGAN

Urging People to Buy Liberty Bonds, President of League to Enforce Peace Says War Must Not Only Be Won, But Stay Won.

New York, October 12.—"The War Must Not Only Be Won, But STAY WON."

This is William H. Taft's new war slogan. It fits out of a statement the Ex-President issued here today as his contribution to the Loan Drive on Liberty Day. The whole statement follows:

"The overwhelming success of the Fourth Liberty Loan must be the answer of the American people to Germany's bid for peace. Through the loan, every man, woman and child can help swell the great chorus of 'No!'"

"The Six Billions we pay for these bonds will do more than buy ships and munitions. They will smother any lingering doubts the enemy may have about our determination to fight until the whole system of Military Autocracy crumbles."

"Liberty Bonds are an investment in the future of Humanity. The re-

turns are not to be measured by any four and a quarter per cent. Every dollar we spend to beat Germany is a dollar invested in the safety and happiness of our children and their children for countless generations.

"The Loan, therefore, should make its strongest appeal to those who see at the end of this war not only Victory, but what Victory means. The war must not only be won, but stay won. The Fourth Liberty Loan is part of the price we are paying for a permanent League of Free Nations, formed to bring safety and justice to the whole world."

"Those who already have bought bonds to help win the war should buy another to help keep it won. An undecisive victory, an inconclusive peace will mean that our blood and treasure have been poured out in vain."

The League to Enforce Peace, makes public a letter from Secretary of the Treasury McAdoo, addressed to Mr. Taft, as president of the League, expressing appreciation of the work done for former Loans by the officers and members of the League organization and urging renewed efforts in the present campaign. The appeal says:

"As this campaign will be shorter by a week than the previous one, it behooves all of us to see that every

ounce of the win-the-war spirit now so manifest everywhere is utilized. To this end it is hoped organizations of every character in the United States, as such, will respond as patriotically as they did in the previous loan campaigns.

"The League to Enforce Peace, of which you are President, through its individual members, as well as a unit, rendered splendid service in the three previous Loans. May the country round upon the League's doing as well in the coming campaign?"

"And you, personally, Mr. Taft, I trust, will find time from your many duties to help. I should deeply appreciate your cooperation."

### FIRST PRESBYTERIAN CHURCH

There will be no Sunday School tomorrow. Let us study our lessons at home and keep the day sacred there. J. B. WOOD, Superintendent.

Preaching and Endeavor services will also be omitted but the eleven o'clock bell will ring as usual. It is serious time in our country, with the war and the epidemic. In the enforced omission of public services let us be all the more thoughtful and devout. Let us pray for our country and her allies for our brave boys and our suffering people.

J. BARBOUR, Pastor.

### NOTICE

Until further notice all meetings of the P. O. S. of A. will be discontinued. BEN T. SMITH, Secretary.

A letter received here by his parents informed them of the illness of their son, Franklin Sipe, at St. Lawrence University, Canton, N. Y. He has the influenza but said he was getting along all right.

The Food Bulletin for the coming week will be the same as this with the following exceptions: No quotation to be given on either butter or eggs. The maximum profit on butter shall not exceed 56c per pound.

Mrs. Stella Bourne after visiting here for a few days received her call from the government to report at Camp Sherman, Chillicothe, Ohio. Miss Bourne will be remembered as one of the nurses at Hayswood Hospital.

Mr. Clarence Wood of Centre College, Danville, is spending a few days with his parents, Mr. and Mrs. C. L. Wood, of West Second street.

Mr. Charles Downing, who is a member of the S. A. T. C. at State University, Lexington, is ill with the Spanish influenza.

Messrs. William Forman and R. B. Owens, Jr., who have been quite sick for several days are much improved today.

### STUDENTS RETURN HOME ON ACCOUNT OF INFLUENZA

The following students at State University, Lexington, returned to this city Friday on account of the epidemic of Spanish Influenza: Misses Margaret Smith, Frances Marsh, Mary Hall, Messrs. Dammitt Coryell, J. C. Everett, Jr., Glenn Wallingford, Ed Parker, Duane Rogers, Ellsworth Cablish, Elmer Huber, Bryan O'Neill, Frank Turner, Stephen Owens, Gordon Marsh. Miss Mary Parker, who is one of the stenographers at the University, is also home for a few days.

### LOAN OVER TOP IN FAYETTE

Lexington and Fayette county yesterday, oversubscribed its quota in the Fourth Liberty Loan Campaign leading the Fourth Federal Reserve District of Kentucky with a total of \$2,787,400. This exceeds the \$2,613,250 quota of the county by \$174,150.

### Cataract Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Cataract is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Cataract Medicine is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Cataract Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Cataract Medicine is what produces such wonderful results in cataractal conditions. Send for testimonials, free.
